EXTERIOR STEEL

Innovation At Your Doorstep

DEAR CUSTOMER

Thank you for choosing us. At Arrow Doors, we believe in the power of customization and the value it brings to each unique project. Your satisfaction is our priority, and we are dedicated to delivering products that exceed your expectations.

We are proud to be one of the few brands which offer tailor-made products. We design every steel door taking into account the most sophisticated expectations so that you can enjoy a reliable product for decades.

We appreciate your trust in our craftsmanship and look forward to serving you with reliable products you can enjoy for decades.

These stylish additions not only elevate your home's curb appeal but also bring in natural light, creating a warm and inviting entryway.

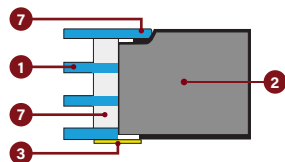

TYPES OF FINISH

PLAIN FINISH

Door skin colors are flush with the leaf surface at the side of the slab.

Panel flush with the surface of the leaf made of black glass.

- 1 glazing
- 2 leaf
- 3 a black-painted stainless steel decorative panel attached to the surface of the leaf
- 4 a stainless steel decorative panel with an INOX finish attached to the surface of the leaf
- 5 a glass panel that is level with the surface of the leaf and can only be on the rabbet side
- 6 a glass panel with beveled edges attached to the surface of the leaf
- 7 black spacer bar

LABEL FINISH

The decorative panel is placed on the surface of the leaf creating a delicate 3D effect.

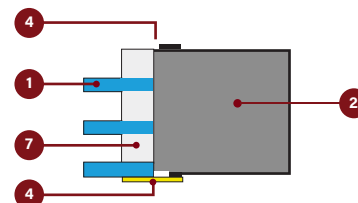

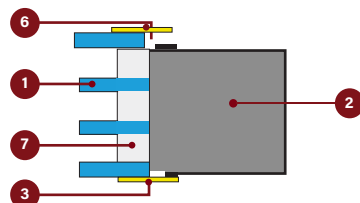

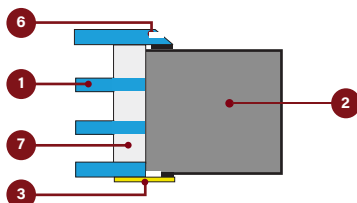

Panel with a thickness of 5 mm made of black glass with chamfering.

Panel with a thickness 2 mm painted black.

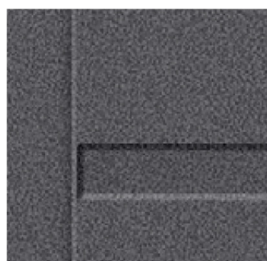

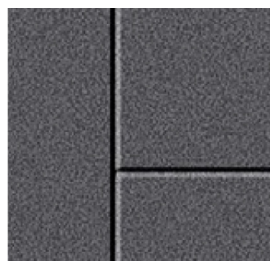

Panel with a thickness 2 mm in an INOX finish.

STAMP FINISH

A clear and eye-catching pattern embossed on the surface of the leaf.

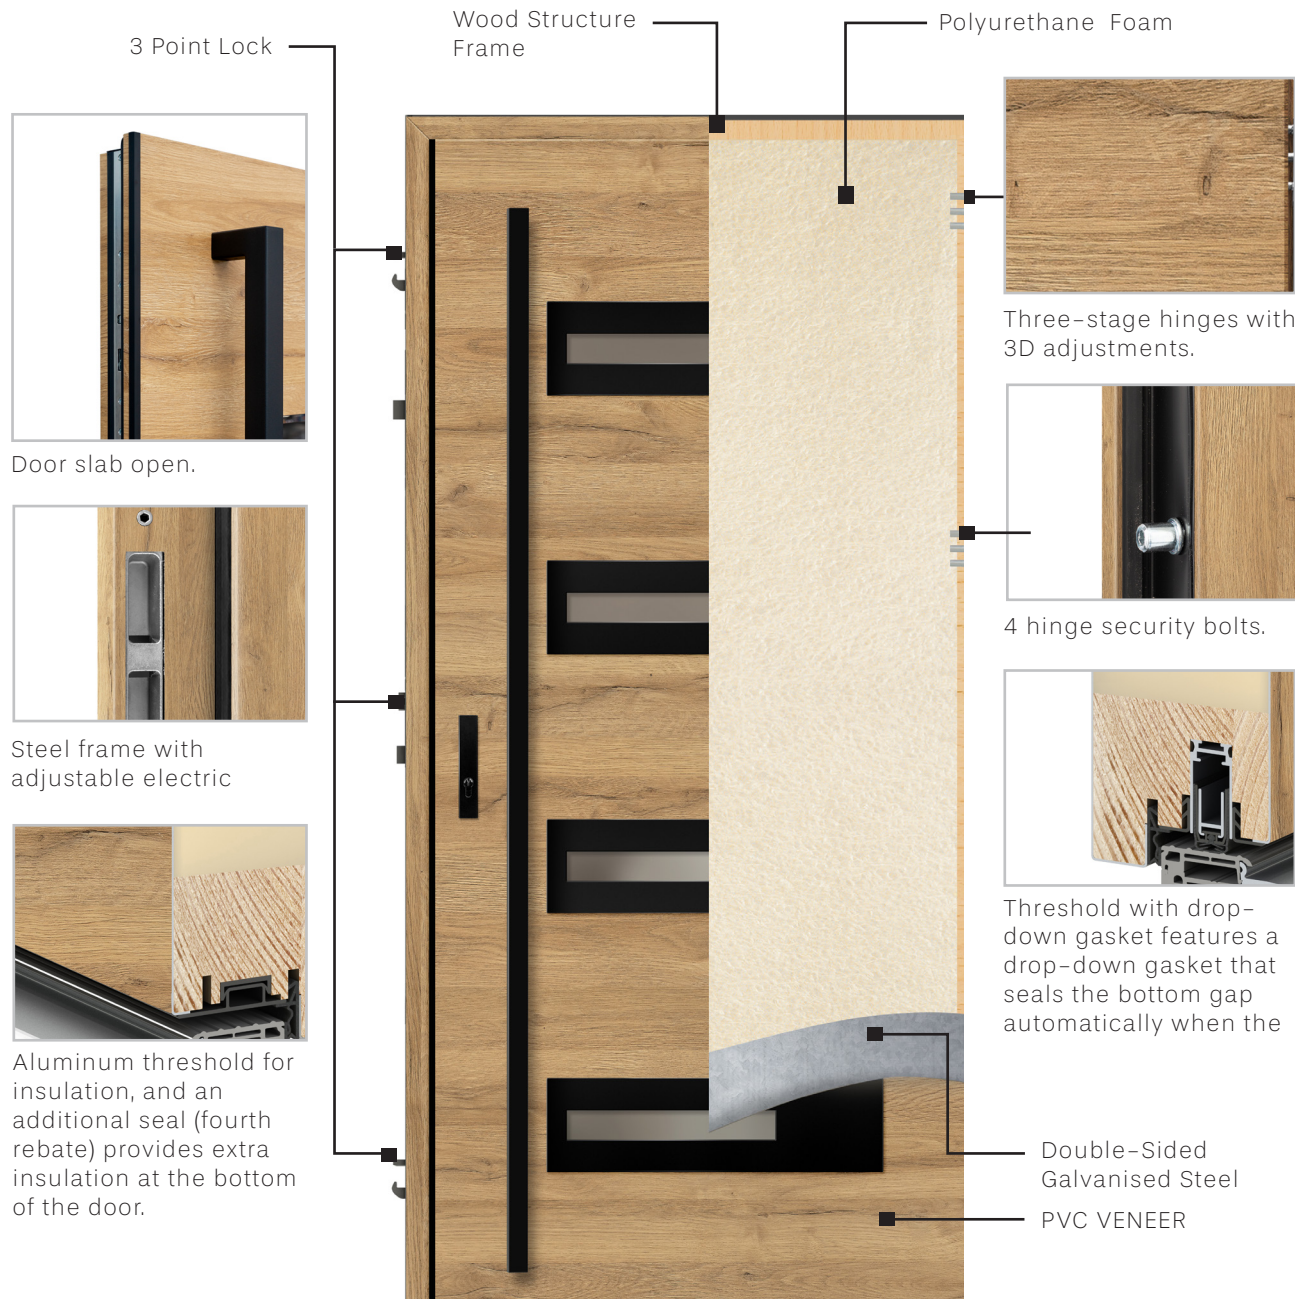

Double-sided embossing width 10 mm, depth 2 mm.

Double-sided embossing width 25 mm, depth 2 mm.

Double-sided embossing, 25 mm wide, with an inlay in INOX finish or painted black. The inlay can be on one or both sides. It can be flush with the leaf surface (STAMP) or attached to a flat surface (LABEL).
